Case Number: 2008-00388

To Whom It May Concern:

I am in receipt of the Notice of Proposed Construction of a Wireless Telecommunications Facility located at 6600 Indian Mound Drive. The Montgomery County School System owns property at 6601 Indian Mound Drive, which is the site of the Mt. Sterling Elementary School.

The Montgomery County School System does not object to construction of a tower at 6600 Indian Mound Drive. However, it is imperative that the School System maintain a line of site between its' tower located atop Mt. Sterling Elementary School, 6601 Indian Mound Drive, and McNabb Middle School, 3570 Indian Mound Drive. We request that the tower constructed at 6601 Indian Mound Drive be located so as not to interfere with the described technology site line, which is essential for operation of schools in Montgomery County.

If you have questions or need additional information, please contact my office accordingly.

Respectfully,

Daniel Freeman, Ed. D.  
Superintendent

pc: Roberta Hunt, Montgomery County Schools Technology Specialist  
Phil Rison, Assistant Superintendent for Operations  
Todd Briggs, Counsel for Cingular Wireless
